Ministry of Health May COVID-19 response update for primary care

WEDNESDAY 25 MAY, 7:00 PM - 8:15 PM

Presenters include:

**DR SAMANTHA
MURTON**

*President, Royal New
Zealand College of General
Practitioners (chair)*

**DR MARION
POORE**

*Public Health Physician,
Ministry of Health*

**DR JOE
BOURNE**

*GP, Health System
Preparedness Programme
Clinical Advisor*

**DR JUSTINE
LANCASTER**

*GP, COVID-19 Care in the
Community Clinical Lead*

**DR MARION
LEIGHTON**

*National Immunisation
Programme Principal
Clinical Advisor*

This webinar will focus on nationally relevant guidance for primary care clinicians managing COVID-19 patients in the community.

Topics include:

- the overall COVID-19 response—the latest on isolation and quarantine, epi curves and what the modelling suggests about the next wave, along with updates on testing and reinfection.
- care in the community—therapeutics, winter planning and COVID-19 hubs, and an update on funding.
- vaccination—COVID-19, flu, and MMR vaccinations.
- COVID-19 pathways - updates on key changes.

The webinar will be supported by local COVID-19 hub representatives and HealthPathways clinical editors who will help to answer your questions.

FORMAT

Zoom webinar. The session will be recorded for those unable to attend. The recording will be hosted on HealthPathways, and the Mobile Health websites. Attendees over 1000 will be directed to a live stream on YouTube.

WHO SHOULD ATTEND

The session is targeted at primary care clinicians managing COVID-19 positive patients in the community.

Up to **1 CME point**
or certificate of
attendance.

See your local
HealthPathways
site for latest
guidance and local
processes.
